

MTI Corporation, founded in 1994 by researchers from MIT and UC Berkeley, is a 100% USA-owned leader in materials science research equipment. Specializing in crystals, substrates, and lab ...

Founded in 1979 as a 3-man-enterprise, SPECTRO today has 600 employees around the world and is listed as the clear market leader for metal analyzers. In addition, growth in the sales of ICP and XRF ...

Our stationary Arc/Spark OES offer high-productivity solutions for metal analysis. Our Mobile OES offer a rugged and reliable solution for on-site metal analysis. Our Rotating Disc Electrode Optical ...

JEOL is a world leader in electron optical and analytical equipment and instrumentation for high-end scientific and industrial research and development.

This spectrometer box is designed to house and protect the American Optical Model 4745 Spectrometer, an advanced instrument used for measuring the spectral distribution of light. The spectrometer box is ...

Manufacturer of massspectrometers for pharmaceutical, biotechnology, academic and government research agencies. Products include nano electrospray ionization sources, flow ...

Customized Solutions With full control over OMES (optics, mechanics, electronics, software), BaySpec can deliver a spectral solution for your toughest application. BaySpec's OCI(TM)-F, an ultra-compact, ...

The leading Spectrometer Manufacturers in United States are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, ...

Spectro Analytical Instruments Inc. has introduced the Spectroport portable arc/spark optical emission spectrometry (OES) metals analyzer. The lightweight unit features point-and-shoot ...

This section provides an overview for spectroscopic analyzer as well as their applications and principles. Also, please take a look at the list of 20 spectroscopic analyzer manufacturers and their company ...

American Metal Spectrometer Box Manufacturer
