

Anti-Electrical Tracking Installation Solution for Cold Aisles in Five Central Asian Countries

Complete cold aisle containment guide for data centers. Learn CAC benefits, implementation steps, and achieve 35% cooling cost reduction.

Our modular systems provide flexible, secure separation between hot and cold aisles or controlled zones to maintain optimal environmental performance.

The industry leading Cool Shield Aisle Containment Solution is the most versatile and cost effective data center aisle containment solution. Our proprietary ...

Cold aisle containment encloses the cold aisles to ensure only cold air is supplied to servers. This approach is normally used with in-row cooling and raised floors and is more common in retrofits. ...

The industry leading Cool Shield Aisle Containment Solution is the most versatile and cost effective data center aisle containment solution. Our proprietary aluminum frames provide maximum design ...

Adaptable to hot and cold aisle containment, the Vertiv Aisle Containment system allows you to deploy containment before or after racks are installed to simplify installation and speed deployment of new ...

With cooling provided through a raised floor, this cold aisle containment project uses rigid wall panels in conjunction with the Polar Cap 2 roof system to provide containment in aisles with missing rows.

Browse our products and documents for APC NetShelter Aisle Containment - Hot and cold air containment systems designed to maximize cooling predictability, capacity, and efficiency at the rack, ...

Custom engineered hot and cold aisle containment solutions that keep your data center running smoothly -- and make your build-out be more efficient, too.

Enconnex offers customizable hot & cold aisle containment solutions. Save energy, reduce hotspots, & improve airflow with data center containment systems.

We work directly with you to develop custom hot aisle cold aisle containment solutions. Extrusions made with only with the highest quality aluminum alloys and tempered to your ideal specifications.
