

It provides 25GBASE Ethernet connectivity option for 25G Ethernet, telecom and data center, suitable for both outdoor and indoor deployments. It is fully compliant with the SFP28 MSA, CPRI and eCPRI ...

Our 25GB SFP28 transceivers are 100% compatibility tested and certified in our US based lab for use with over 90 OEMs including Arista, Cisco, Dell, Intel, Juniper, Mellanox, Nokia - Limited lifetime ...

Our 25G SFP28 20km transceiver delivers extended-reach connectivity for metropolitan area networks. Supporting up to 20km transmission over single-mode fiber at 1310nm wavelength, this module ...

Learn how to choose the right 25G optical transceivers for your network based on key factors such as performance, compatibility, and cost-effectiveness.

This transceiver is ideal for 25G Ethernet, telecom, and data center. We offer a comprehensive line of 25G transceivers, including SFP28 SR, LR Lite, LR, ER, BiDi, CWDM, and DWDM variants.

This fiber optic transceiver is the direct equivalent to Cisco SFP-25G-LR-S for 25Gbps connectivity up to 10km (6.2mi) over LC-terminated Single Mode Fiber (SMF) cable. The optical module has been ...

GigOptics SFP28 optical transceivers are high performance, cost effective modules. They are fully compliant with MSA (Multi-Source Agreement) and tested to ensure quality and outstanding network ...

"Experience was great, products were as expected, at a good price, and delivery was fast with no complications."

When it comes to lowering network TCO, data centers and enterprises can benefit from Precision OT's cost-effective 25G transceivers that deliver data at high speeds without high energy consumption.
