

Thorlabs offers 1x2 graded-index (GRIN) multimode, dual-window fiber couplers with $\phi 50 \times 181$ m core graded-index fibers. These couplers operate at both 850 nm and 1310 nm wavelengths.

Find the compact Fiber Adapter Panels you're looking for. Whether you need pass-through connections, front or rear-loading access, or other modular options.

Corning has a wide variety of hardware solutions to choose from to fit your cabling needs. Choose from racks, panels, modules, splice trays, ethernet fiber switches and other structured cabling components.

Dual window couplers are available with 900×181 m loose tube single mode fiber or 250×181 m bare fiber and terminated or unterminated as per your needs. Unconnectorized DWC's come with no connectors for ...

Newport's Fiber Optic Coupler family has been developed using fused fiber technology. These multimode fiber optic couplers allow bi-directional coupling and can be used to either split or combine ...

We offer a full line of fiber optic couplers and splitters supporting SM, MM, PM, large core, and double-clad fibers across 300-2000 nm, with power handling up to 100 W and operating temperatures up to ...

Explore CommScope's efficient and scalable fiber splice panels designed for seamless connectivity. Accommodating LC, SC, and MTP/MPO connectors, these panels are ideal for data centers, ...

Our MPO fiber optic adapter panel offers versatile connectivity for your data centers, providing easy installation, customizable configurations, and reliable fiber optic connections.

Our SM and double-clad fiber coupler offerings also include a selection of components ideal for OCT applications.

Shop high-performance fiber couplers and panels for seamless network connectivity. Reliable, durable, and compatible with multiple configurations for professional fiber management.
