

# Fiber Optic Cable Heat Shrink Tube Production Equipment

We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon making, proof testing and fiber optic cable production. Our technology is used to produce telecom preforms, ...

From crimping a terminal onto a wire or pressing a connector onto a board, our equipment and services are designed to maximize production and reliability.

Fiber optic heat-shrink sleeves provide the best fiber optic cable protection. With more than 50 years of experience with insulation and sealing products, DSG-Canusa offers a wide variety of heat-shrink ...

Customizable color options for convenient installation and identification. Available with single fiber and ribbon fiber. Customized designs are available upon request. Experience the convenience, reliability, ...

JCW offers a full range of benchtop and freestanding heat shrinking machines for processing heat shrink tube and heat shrink terminals. We developed high-efficiency infrared shrinking systems for different ...

Automatic Heat Shrink Tube Heating Machine is used to heat less than OD 5.0mm optic patch cable; the portable structure applies to narrow or moving working space. The parameters and temperature can ...

Our luck was in, we had an opportunity to be one of the first companies to trial the newly developed Haloblaze automated shrink machine. Our trials proved highly successful and we immediately ...

We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon making, proof testing and fiber optic ...

The machine heats up quickly and has good thermal compensation effect; the heat shrinkable tube has high heat absorption efficiency, uniform and tight heat shrinkage, and good processing consistency.

High-performance insulation solutions are designed to meet the rigorous demands of modern fiber optic infrastructure. This guide explores the technical specifications, applications, and ...

International distributor for fiber optic components, equipment and accessories while providing invaluable technical consultation and support.
