

The unit offers three types of switching 1x2, 2x1, or 2x2. The remote switching ability is very useful for managed systems. A front panel LCD provides system status and provides a means of programming ...

Thorlabs offers a varied selection of single mode (SM), polarization-maintaining (PM), multimode (MM), and double-clad fiber couplers, as well as 1x8 and 1x16 SM PLC splitters; 1x4, 1x8, and 1x16 PM ...

The Brimrose fiber optical switch system plays a major role in modern fiber optic telecommunication and sensing systems that demands high-reliability operation, response, and continuous high frequency ...

Fiberer Opticswitch Expert Group are a highly professional and fast-developing company for optic components and systems, and the factory is located in ...

Micro-optic couplers, built by coupling two lensed fiber collimators with an optical element in between, provide ultra-broad bandwidth (&#177;200 nm), high polarization extinction ratio (&gt;30 dB), excellent ...

Fiberer Opticswitch Expert Group are a highly professional and fast-developing company for optic components and systems, and the factory is located in beautiful coastal industrial city, Shenzhen of ...

All IPG beam switches, shutters, and couplers can be integrated with virtually any IPG fiber laser by being built in to the laser enclosure to save space and simplify installation.

Luminos CORALIGN moving fiber optic switches achieve direct fiber to fiber coupling through an air or oil filled gap, achieving the lowest insertion losses in the industry, as low as 0.01 dB (MM) and 0.2 dB ...

Shop DigiKey's large in-stock selection of Fiber Optic Switches, Multiplexers, Demultiplexers. View inventory, pricing and order now for same day shipping!

The EK1501 EtherCAT Coupler with multi-mode fiber-optic connection is the link between the EtherCAT protocol at fieldbus level and the EtherCAT Terminals. The coupler converts the passing telegrams ...

SWFC / DWFC series fused single or dual window wideband fiber 1x2 (2x2) couplers provide accurate optical signal coupling and splitting over a wide bandwidth with high performance and high reliability.
