

Get diverse armored fiber patch cables for stronger protection of the optical fibers and stable transmission to support fiber optic cabling in harsh environments.

We offer a wide selection of steel armored cables, aluminum armored cables, and MC armored cable options to meet your power and data transmission needs. Whether you need direct burial armored ...

Armored Patch Cables Fibertronics, Inc. offers a complete selection of armored fiber optic patch cables designed for durability, flexibility, and reliable performance in the most demanding environments.

Rodent-resistant indoor armored fiber optic patch cable with flexible stainless steel armor. Direct installation, high durability, and reliable performance for indoor networks.

Browse our armored fiber optic cables and patch cables today. We carry OM4 and OM3 fiber optical jumpers, 50/125 10G, 40G, 100G, LSZH rated and more.

These highly flexible yet lightweight ruggedized fiber optic cables resist mechanical damage from crushing, abrasion, cutting, and pulling - which can easily damage fiber strands inside the cable.

PPC's armored patchcords are specifically designed for last-mile fiber routing applications. The flexible steel tube inside provides reliable protection from physical damage and doesn't allow the cable to be ...

These high-performance cables feature a steel-armored construction and an ultra-flexible jacket, making them perfect for use in both indoor and outdoor settings. The cables are equipped with Corning's ...

Shop durable armored fiber optic cables for outdoor and industrial use. Find LC, SC, and ST connectors in single-mode and multimode options.

Unlike standard fiber cables, these armored patch cords feature a robust protective layer that resists crushing, bending, and rodent damage while maintaining flexibility for easy installation.
