

GUANGYAN Optical Power Meter Red Light

Brand GUANGYAN Model Y8 Detail Main characteristics: lighting. Network test. Test data store. Automatic switch. User self-calibration. Memory wavelength function. Optical fiber job identification. ...

Inspect item by item, verify, conduct quality checks, and upload authentic photos ...

This is simply a movable laboratory for fiber optic engineers! Red light + optical power dual-core drive, accurate and efficient!

GUANGYAN G10 Series Optical Power Meter Mini Fiber Optic Power Meter Red Light Range -70 To 3DBm

This all-in-one device combines an optical power meter and a visual fault locator in a compact unit. It supports 9 types of wavelengths, features a bright LCD display with backlight, and includes a ...

GUANGYAN G10 Series Optical Power Meter Mini Fiber Optic Power Meter Red Light Range -50 To 26DBm Advantages: - High accuracy fiber optical power meter - USB flash charging. The built-in ...

It features an InGaAs probe type, optional red light power levels, and a measuring range of -70 to +26dBm. The device offers laser ranging up to 40M and includes multi-mode fiber capability.

US \$18.50 50% off US \$37.00

The Y3 Handheld Optical Power Meter & Red Light Pen combines precision testing and fault locating. Ideal for FTTH, CATV, and network maintenance.

Shenzhen Guangyan Communication Co., Ltd. has been focusing on the optical communication industry for 11 years, providing high-quality optical fiber equipment such as optical fiber splicers and optical ...

Inspect item by item, verify, conduct quality checks, and upload authentic photos of the products. Consolidate and repackage all items to reduce international logistics costs and facilitate international ...
