

High-efficiency UPS system 200kW for data center use

The Legrand UPS solutions respond to the needs for different availability and evolution of the IT infrastructure, thanks to the careful study and use of the latest generation components, which allow ...

Delta Ultron HPH series 160-200kVA is a true online double-conversion UPS offering the best-in-class combination of power performance and efficiency for medium data centers, pan-IT, and other mission ...

Highly efficient, modular, high-density 200kW (400/480V) 3-phase UPS that is ...

Designed explicitly for the unique demands of AI workloads--characterized by millisecond-level pulses, sustained high loads, and unpredictable idling--the MR9.0 marks a paradigm shift in ...

The brand-new Ultron HPH series 160-200kVA is a true online double-conversion UPS offering the best-in-class combination of power performance and efficiency for medium data centers, pan-IT, and other ...

Highly efficient, modular, high-density 200kW (400/480V) 3-phase UPS that is scalable up to 500kW. It delivers top performance for medium, large, and edge data centers, as well as critical infrastructure ...

The Eaton® 93PM UPS combines efficiency and reliability with an eye-catching design. A space-saving, scalable and flexible device that's as easy to deploy as it is to manage, it's the perfect three-phase ...

Monitor and manage your 9395 UPS with the 10-inch color LCD touchscreen display. The Power Xpert 9395 UPS provides industry-leading efficiency and scalable battery runtimes in a small footprint.

This large enterprise UPS 200kVA is perfect for data center operators, industrial facilities, and mission-critical installations that need Eaton UPS 200kW capacity for continuous power protection.
