

High-voltage switchgear busbar support sleeve

Busbar Heat Shrink Sleeve for high voltage insulation, offering track resistance and protection. PCA Technologies ensures reliable switchgear performance.

High-quality PVC Heat Shrink Tubing for Busbars designed to insulate up to 36kV, prevent flashover, improve phase identification and protect against corrosion in switchgear and electrical panels.

Bus Sleeve is heat shrinkable bus bar sleeve designed to insulate busbar systems up to 36KV & to protect against accidental flash-over. The sleeves are manufactured from high quality cross-linked ...

Explore VIOX busbar insulator products for switchgear, panelboards, distribution cabinets, and custom electrical assemblies. View low-voltage and high-voltage support insulators, stand-off insulators, ...

The Busbar Sleeve is a reliable insulation solution designed to protect busbars from short circuits, electrical leakage, and flashovers. Made from high-quality cross-linked polyolefin, it offers excellent ...

Leading manufacturer of Heat Shrink Bus Bar Sleeves for MV & HT applications up to 72.5kV. Flame retardant insulation sleeves for copper and aluminium busbars used in switchgear, substations, and ...

Explore our range of low-voltage busbar insulators made from high-grade DMC/BMC. Multiple sizes, threads and creepage distances are available to simplify panel layout and ensure safe clearances.

Explore VIOX busbar insulator products for switchgear, panelboards, distribution cabinets, and custom electrical assemblies. View low-voltage and high-voltage ...

Easy to install and cost-effective, this heat shrink tubing adapts to different busbar sizes, providing tight and uniform coverage, greatly simplifying installation and reducing maintenance costs.

We offer heat shrink busbar tubing in a size range of 15 to 235 mm, suitable for compact structures like switchgear cabinets (reduce phase to phase distance) and sub station Busbars in order to prevent ...

Easy to install and cost-effective, this heat shrink tubing adapts to different busbar sizes, providing tight and uniform coverage, greatly simplifying installation and ...

CABS Module Kit, UL#174; Module kit allows for custom busbar support creation with flexibility to select distance between phases and supports, 3 phase.

High-voltage switchgear busbar support sleeve
