

3pcs BH1750 Light Sensor Module Compatible with Arduino, Digital Light Intensity Illumination Sensor GY-302 BH1750FVI Add to cart

huawei p30 pro proximity light sensor pcb replacement module comes in brand new condition. it is available in best online wholesale price. the part use for repair broken and damage charging port slot ...

Huawei recently applied for an optical module and communication tech patent which aims to reduce the cost of manufacturing for effective camera sensors. It further makes space for ...

The complete system features an RGB camera module, a proximity sensor, and an ambient light sensor. The 3D depth-sensing system consists of the NIR camera module, the flood illuminator, and the DOT ...

This section describes how to build a smart street light solution in just 10 minutes based on Huawei one-stop development tool platform (the IoT Link plug-in on Visual Studio Code), covering ...

Our GY-302 module is equipped with the BH1750 light sensor. It has a very large measuring range and, thanks to free libraries, finally outputs brightness values in lux. The module is connected via the I2C ...

To determine whether optical modules delivered for Huawei switches before July 1, 2013 are certified ones, contact Huawei technical support. If your optical modules are delivered after July 1, 2013, use ...

A smart solar street light contains a solar panel, LiFePO4 battery, LED lamp, smart controller, motion/light sensors, and optionally a communication module. Let me break each of them down for you.

Discover Huawei's smart street lighting solutions -- featuring IoT, LED, and NB-IoT technologies for smart dimming, remote monitoring, environmental sensing, and fault detection.

BH1750 is a digital Ambient Light Sensor IC with an I2C bus interface. The module does all of the hard work, providing a simple digital value via I2C that represents luminance (Lux).

How Can I Determine Whether an Optical Module Is a Huawei-Certified Optical Module? A switch must use optical or copper modules that have been certified for use on Huawei switches.
