

1x32 PLC Splitter divides or combines a signal inputs to 32 outputs. ...

This PLC Splitter is a 1x32, with 1 input and 32 output fibers with an even split ratio across all fibers regardless of input wavelength. PLC Splitters are available with 900µm loose tube singlemode fiber ...

The 1x32 Singlemode Bare Fiber PLC Splitter is an optical splitter designed for single-mode fiber systems that divides an incoming optical signal into 32 separate outputs. With 1 input port and 32 ...

Our plate beamsplitters have a coated front surface that determines the beam splitting ratio while the back surface is wedged and AR coated in order to minimize ghosting and interference effects.

This PLC Splitter is a 1x32, with 1 input and 32 output fibers with an even split ...

Bare Fiber 900um PLC Splitter -- 1x32 Single Mode In-Line Module Fiber Splitters #FS-LH-132-BB-NN-C Bare Fiber 900um PLC Splitter -- 1x32 Single Mode PLC (planar lightwave circuit) splitter 1x32 ...

1x32 PLC Splitter divides or combines a signal inputs to 32 outputs. 1xN PLC splitters are precision aligning process to divide a single optical input (s) into multiple optical outputs uniformly, while 2xN ...

0.9mm1X32 Pcl Splitter, Find Details and Price about Optical Cable PLC Splitter Custom Fiber Optical Splitter from 0.9mm1X32 Pcl Splitter - Shanghai Huijue Network Communication Equipment Co., Ltd.

Explore our collection of optical cable splitters and PON splitters for sale. Optical beam splitters are used to split the fiber optic light evenly into several parts at specific ratios.

Unconnectorized PLC splitters come with no connectors for easy splicing or connectorization. Connectorized 1x32 PLC Splitters are available with your choice of Fiber Optic Connectors: LC/UPC, ...

We offer ABS box PLC Splitters with a wide range of styles and sizes to split or combine light with minimal loss. All splitters are manufactured using a very simple process that produces reliable, low ...

QuestTel PLC splitters are used to distribute or combine optical signals. PLC splitter are based on planar lightwave circuit technology and provides a low cost light distribution solution with small form ...
