

The Edgecore ECIS4500 PoE series are managed industrial PoE+ Gigabit Ethernet switches. The switches comply to the IEEE 802.3 af/at standard and are able to deliver up to 30 watts of power per ...

High-performance aggregation switches designed for industrial and FTTH networks. Support Layer 2/3 management, Gigabit and 10G uplinks, redundant power, ...

High-performance aggregation switches designed for industrial and FTTH networks. Support Layer 2/3 management, Gigabit and 10G uplinks, redundant power, VLAN, QoS, and PoE options. Ideal for ...

Hirschmann IT Switches offer a reliable, secure and powerful solution for IT/OT convergence applications across multiple industries. Belden will discontinue several variants of Hirschmann ...

Our lite and fully managed industrial network switches come equipped with all the essential features expected for reliable and efficient industrial networking.

With high-speed 10-GE uplinks, high-wattage PoE options, ultra-low jitter, advanced network security features, and device-to-cloud performance monitoring with the Cisco ThousandEyes agent, these ...

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

A managed industrial Ethernet switch provides valuable capabilities that go beyond the basic functionality of an unmanaged switch, combined with such industrial characteristics as extended ...

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

WAGO's switch portfolio provides scalable Ethernet network infrastructure with excellent electrical and mechanical performance. These rugged devices are designed for industrial use and are fully ...
