

Jan 8, 2021; Our smart low voltage transformer has ...

Pair with the OneSync remote or motion sensor to bring technology to your landscape. To sync, place within 100 feet of another OneSync outdoor device. ...

Whether you're organizing circuits in large commercial installations, routing power for outdoor and landscape lighting, or controlling multiple zones within a facility, these boxes provide safe, efficient, ...

With the Hampton Bay Outdoor Smart Wifi Transformer, you can switch your landscape lights on or off remotely, create custom lighting schedules to match sunrise/sunset, set lighting themes and groups, ...

DEWENWILS 300W Low Voltage Landscape Transformer, 120V to 12V/15VAC Landscape Lighting Transformer with Photocell Sensor & Timer, Low Voltage Transformer for Outdoor Lighting, Wall, ...

Pair with the OneSync remote or motion sensor to bring technology to your landscape. To sync, place within 100 feet of another OneSync outdoor device. Once you're connected, add timers and create ...

Our smart low voltage transformer has three independently controlled outputs allowing to setup three different landscape systems all controlled with a single unit. At 200-Watts, this item can be used to ...

Efficiency is the primary catalyst for the adoption of "smart" distribution boxes. By incorporating programmable logic controllers (PLCs) or IoT-enabled relays, these units can automatically turn off ...

Higher lumen output compared to traditional solar landscape lights. An integrated solar panel absorbs direct sunlight and converts it into power to provide light at night. Place lights within 100 feet of each ...

This comprehensive guide will delve into the world of smart transformers, with a special focus on three prominent categories and models: the versatile WiFi outdoor lighting transformer, the ...

With the convenient SITECO iQ's Desk-Remote function, you can make adjustments to the luminaire without opening or removing it from its packaging. Even with the shipping box closed, you can ...

Simplify your landscape lighting setup with this 10-way low voltage junction box, engineered for easy, efficient, and durable connections. ? Connect Up to 10 Fixtures: Designed to distribute power from ...
