

Luxshare Precision Optical Module Ranking

Get insights into Luxshare Precision Industry including business profile, stock information, news, and rankings from Fortune.

At the industry level, optical interconnect is moving toward higher bandwidth, higher density and better thermal efficiency. For Luxshare-ICT, this is not only an optical module opportunity.

Although the report does not name specific suppliers, SPOET Technologies is a long-term partner supplying its Infinity(TM) Optical Engines for Luxshare's high-speed pluggable optical modules ...

Luxshare-Tech optical interconnect products and solutions meet the high reliability, low power, low maintenance and high performance needs of data centers.

Luxshare Precision Industry Co., Ltd. has a market cap of \$37.94B USD (July 2025), ranking #569 globally and #48 in China.

Building an Intelligent World of the Internet of Everything Established on May 24, 2004, Luxshare Precision successfully listed on the ChiNext Board of Shenzhen Stock Exchange on September 15, ...

These modules showed exceptional performance, which prompted Luxshare Tech and POET to adopt a broader range of POET's optical engines into the Luxshare offerings.

Luxshare is developing an integrated copper, optical, and thermal solution. 224G high-speed cables and 800G silicon photonic modules are already in mass production, and 1.6T products ...

Our optical modules feature traditional DPO, low-power LRO, LPO, and Active Loopback designs for testing, and support data rates from 10G up to 1.6T across a wide range of package types.
