

# Manufacturer of 200G Active Optical Cable

200G QSFP56 AOC Cable | 200Gb/s Active Optical Cable | 100m MMF Description: High-speed 200G QSFP56 to QSFP56 Active Optical Cable (AOC) for data centers & AI/ML. 200Gbps data rate, 100m ...

200G AOC Cables from JTOPTICS are Active Optical Cables that offer lightweight, flexible, and low-power connectivity. Designed for high-performance computing and networking environments, they ...

200G QSFP-DD AOC Active Optical Cable 200G AOC Cable, QSFP-DD, multimode fiber, customize cable lengths up to 100 meters

- o Four-channel full duplex active optical cable
- o Up to 53.125 Gbps data rate per channel by PAM 4 modulation
- o Low power consumption: < 4 W per cable end
- o Single 3.3 V power supply
- o Maximum ...

The Forara 200G QSFP-DD Active Optical Cable (AOC) solutions provide a high-speed, cost-effective, power-efficient and virtually error-free connectivity over multimode fiber (MMF) cables in a nominal ...

The 200G QSFP56 active optical cable is designed for use in 200 Gigabit Ethernet links over OM3 multimode fiber, it contains four multi-mode fibers (MMF) optic transceivers per end, each operating ...

Supporting four 53.125Gbps channels, this AOC delivers an aggregate data rate of 200G, enabling reliable, low-latency interconnects for Ethernet and InfiniBand applications.

High-bandwidth 200G active optical cable for short-reach, high-density data center links. Delivers low-latency, low-EMI connectivity with flexible routing compared to copper.

Amphenol QSFP DD to QSFP DD 200G Active Optical Cable assemblies increase the number of lanes from 4 to 8 and double the port density as compared to 100G QSFP28 AOC. The ...

USource QSFP56-200G-AOC family is active optical cables (AOC) for 200G Ethernet applications. They are designed expressed for high speed, high density and low power consumption for today's data ...
