

The DIS switches are designed to easily handle hot and cold temperature variances,* and can cold start at their coldest temperatures. With superior environmental protections to commercial switches, these ...

3-Way Toggle Switch, 20A, 120/277V, White, Industrial Grade 20 Amp, 120/277 Volt, 1HP at 120V or 2HP at 240V-277V, Toggle 3-Way AC Quiet Switch, Industrial Grade, Self Grounding, Back & Side ...

They are built to exceed the specifications of commercial switches with industrial safety certification and approval for hazardous locations, making them ideal for use at sites with harsh environmental ...

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

Featured industrial-grade reliability, network redundancy, strengthened security, and easy management gives you the flexibility to build powerful and secure networks even in harsh environments.

Maple Systems industrial ethernet network switches are built with industrial grade components, tested in-house, and certified for reliable operation in harsh environmental conditions.

Designed for harsh conditions, E-link industrial Ethernet switches provide stable network performance in extreme temperatures, high humidity, ...

Featured industrial-grade reliability, network redundancy, strengthened security, and easy management gives you the flexibility to build powerful and secure networks ...

Designed for harsh conditions, E-link industrial Ethernet switches provide stable network performance in extreme temperatures, high humidity, and electrically noisy environments. With rugged housing and ...

The Westermo range of industrial Ethernet switches are designed for use in harsh environments and allow you to build cost-effective, reliable, secure industrial networks.
