

Monaco Professional Triple Play Optical Distribution Box

Sharon Ormonde, sales director for northern Europe at Optos, explained that Monaco was the first ultra-widefield device with combined posterior pole OCT. "We took customer feedback ...

The company has just announced an upgraded product in that vein called MonacoPro. Like the original Monaco device launched in 2018, the new model combines SD-OCT with four ...

The sole ultra-widefield retinal imaging device with integrated OCT, Monaco ...

The company has just announced an upgraded product in that vein called MonacoPro. Like the original Monaco device launched in 2018, the new ...

The only ultra-widefield retinal imaging device with integrated Spectral Domain OCT, MonacoPro produces a 200°; single shot opto map image in less than 1/2 second and also provides cross ...

The sole ultra-widefield retinal imaging device with integrated OCT, Monaco produces a 200°; single-capture optomap image in less than 1/2 second and provides cross-sectional 40°; OCT perspectives ...

Monaco is an exciting new way to enhance your clinical exam. The only ultra-widefield retinal imaging device with integrated OCT, Monaco produces a 200°; ...

Building on the legacy of its predecessor, Monaco, the new MonacoPro introduces enhanced automation and advanced data analysis capabilities, designed to elevate diagnostic ...

This paper proposes two fiber-to-the-home bi-directional architectures for triple-play distribution services as being investigated in FIVER project. First, a coarse wavelength division multiplexing (CWDM) ...

monaco-inc

Building on the legacy of Monaco's, MonacoPro introduces features designed to elevate diagnostic precision, and streamline workflow for eyecare professionals worldwide.

MonacoPro, the next evolution of Monaco from Optos, retains the powerful ultra-widefield SLO and spectral domain imaging while adding additional key product features.

The device, unveiled in 2025, builds on the earlier Monaco system by adding significant upgrades--including

Monaco Professional Triple Play Optical Distribution Box

improved OCT resolution, new analytical tools, and expanded imaging and data ...

Optos announced the launch of MonacoPro, the next generation ultra-widefield (UWF) SLO and spectral domain retinal imaging solution. Building on the legacy of Monaco, Optos said ...

Engineered for efficiency, MonacoPro captures up to five imaging modalities for both eyes in just 90 seconds, optimizing workflow, streamlining diagnostics, and delivering superior patient care. ...
