

Leviton offers a full range of fusion fiber splicing solutions, including fiber splice modules in our popular HDX and SDX fiber optic patching footprints, and new FASTSPLICE Splice-On Fiber Connectors in ...

Find premium LC connectors for fiber optic networks, including single-mode, multimode, UPC, and APC options. Shop high-performance LC connectors for data centers, telecom, and enterprise applications.

Using third-party automated splicing equipment, OptiFuse connectors provide a reliable, high-quality termination with instant splice loss confirmation. Available in both LC and SC configurations in ...

Proven mechanical splice technology ensuring precision fiber alignment, a factory pre-cleaved fiber stub and a proprietary index-matching gel combine to offer an immediate low loss termination to either ...

Includes color coded 900um buffer, boot, cleave protector and extended dust cap for easy fiber identification  
No epoxy or polishing and requires no special tools

Widely recognized for their first-class performance, Lynx-CustomFit(TM) Splice-On Connectors can successfully mate with any standard connectors in an existing network and perform well for many ...

TXM's Quick Assembly Hot Melt connectors provide a quick and easy termination of fibers in the field. Our field connectors are universal and applicable for 0.9mm Tight Buffer Fiber, 2.0mm fiber and ...

Modular design allows for easy maintenance of individual spliced fiber and scaling up without impacting existing fibers  
Accessory kit includes 40 mm heat-shrink individual splice sleeves, ribbon splice ...

Explore CommScope's efficient and scalable fiber splice panels designed for seamless connectivity. Accommodating LC, SC, and MTP/MPO connectors, these panels are ideal for data centers, ...

Splice-on connectors can be used for initial installation of fiber links, MAC work, or repairs to existing links to minimize downtime. Fusion splice connectors also allow for higher performance links through ...
