

OTRANS is a leading fiber optic distribution box manufacturer. We offer a wide range of 1-24 core FDB boxes and ODF cabinets for indoor/outdoor FTTX deployment. Durable, IP65 rated, and easy to ...

Designed for wall, pole, or messenger cable installation, this HUB Box supports low- to medium-density cable routing and enables fast distribution through its pre-connectorized output ports, significantly ...

It provides a secure point for splicing, branching, distributing, straight-through, or fiber optic termination, preventing environmental hazards such as dust, moisture, water, or UV rays when used outdoors.

Fiber distribution box is made of high-strength engineering plastics, anti-UV, anti-aging ability. The distribution box is sealed adopts buckle + two screw type ...

The fiber splicing, splitting, and distribution can be done in this box, and meanwhile, it provides solid protection and management for the FTTx network building.

Application Description: Optical Distribution Point ODP Box provides a connection point between distribution cables and drop cables at the subscriber access point in fiber optic network.

FTTH Box comply with salt spray test, crush test and temperature cycling under international standard. All are RoHS, and REACH certified to ensure the safety and security.

The Polaris-box family is the new generation of FO-boxes from R& M for a flexible fiber optic termination for indoor or outdoor applications. It extends R& M FTTH solutions in the customer connection ...

It is designed to serve as a building entry point for FTTH applications but is also a perfect choice for all types of FTTx applications. The optical distribution box provides versatility, enabling fusion splicing, ...

FTTH Box comply with salt spray test, crush test and temperature cycling under international standard. All are RoHS, and REACH certified to ensure the safety ...

Optical box SOP 12 (24) is designed for distribution of optical network in buildings by usage of optical cables or microduct system, for protection of optical connections and for interconnection of optical ...
