

Outdoor optical cable stripping machine manufacturer

HAGSIN (sales@hagsin) is a leading and value-added manufacturer of Optical fiber cable machine, Fiber optic cable manufacturing equipment, optical fiber secondary coating line, loose tube optical ...

Engineered for efficiency and accuracy, this model integrates both wire stripping and cable jacket splitting functions, making it an ideal solution for manufacturers and technicians working with delicate ...

3SAE Technologies designs and manufactures a wide range of high performance fiber optic stripping tools for optical fiber coating removal, providing the most advanced line of high strength thermal ...

This high-performance machine integrates multiple functionalities, completing the shearing of aramid fibers, jacket stripping, and outer sheath crimping in one seamless operation, significantly reducing ...

Fiber Optic Cable Stripping and Jacket Splitting MachineEngineered for efficiency and accuracy, this model integrates both wire stripping and cable jacket splitting functions, making it an ideal solution for manufacturers and technicians working with delicate ...

The FBT-3000 automatic fiber peeling machine is a new type of optical cable end processing equipment, which is based on the eagerness of optical fiber connector manufacturers to improve production ...

Find your cable stripping machine easily amongst the 200 products from the leading brands (Schleuniger, Komax, BETTERTECH, ...) on DirectIndustry, the industry specialist for your ...

Acquire reliable equipment to produce optical cables for outdoor applications. Our machines win customers over with their outstanding quality, high production speed, and flexible handling for various ...

The AFL Precision Strip Tool is a fast, simple, and accurate solution for stripping fiber without damage. It is battery-powered and portable, making it ideal for use in the field. The tool has an ergonomic ...

Fiber Optics Cleaving and Stripping Tools available from StockAMS Technologies offers the full range of must-have tools for field or production - including processing and preparation tools for several types ...

Our semi-automated cut and strip machines are built for precise, efficient processing of a wide range of cable types, from single and multiconductor to coax, ribbon, and fiber optic cables.
