

We produce its own PLC wafers and chips, using a self-developed aligning system for automated precision during manufacturing. We offer premium PLC splitters in various packaging options, ...

Spring Optical provides PLC splitters for FTTH and GPON networks, including LGX cassette, ABS, rack mount and MPO types with low loss and high stability.

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission. Deploying compact FS PLC Splitters ...

For product customization or special requirement, please contact our sales representatives. Multimode fiber optic PLC splitters (OM1 OM2 OM3 OM4) are passive optical devices used to split incoming ...

Cables Plus USA can supply custom fiber optic splitters to meet your specific requirements. Available in PLC splitters, also called Planar Lightwave Circuit. PLC splitters are based on planar lightwave ...

PLC (Planar Lightwave Circuits) splitters are developed using silica glass waveguide circuits and aligned fiber pigtailed, integrated inside a miniature package. PLC splitters provide low-cost solution for ...

You can check our fiber optic splitters by PLC splitter in different packages or 1*N 2*N PLC fiber optic splitter. 15 Years of Manufacturing Experience, Custom & Wholesale at Factory Price.

Due to a width of options for packaging, connectors and number of ports, splitters are usually made by order but turnaround is generally a week. A datasheet explaining most models and characteristics is ...

High-performance PLC fiber splitters for reliable signal distribution. OEM customization and private labeling for global network solutions.

PLC Fiber Splitters FiberMania's PLC (Planar Lightwave Circuit) Fiber Splitters deliver high-performance and cost-efficient solutions for precise and reliable optical signal distribution.
