

Explore Siskiyou's fiber optic couplers, offering precise and reliable coupling solutions for your optical systems. Discover high-quality components for seamless optical coupling.

Discover fiber optic couplers for network connectivity. Find SC, LC, and ST adapters with low insertion loss for reliable connections.

Get low-loss fiber optic adapters/couplers with good repeatability and durability for precisely mating two ends of a fiber optic cable. Multiple connector options available.

Our complete Range of Fiber Optic Couplers, Adapters & Kits gives you everything you need to manage any Fiber Optic Cable Transition

Optics Fiber Optics Fiber Optic Components Fiber Optic Couplers Fiber Optic Couplers Fiber-optic couplers are used to split or combine the light contained in optical fibers. Show Filters:

Within the resonator of a fiber laser, a dichroic fiber coupler can be used to inject pump light, and another fiber coupler can be used as the output coupler. This technique is used particularly in fiber ...

Extend your LC/SC Fiber Optic Cables length without replacing the original fiber cable. Durable and compact, high performance hybrid fiber optical adapter design with low insertion and return loss.

In-series couplers, between-series hybrid adapters, connector ferrules, and splice alignment sleeves. FC, SC, ST, LC, MTP, E2000, SMA, MU, MTRJ, and more types.

Our SM and double-clad fiber coupler offerings also include a selection of components ideal for OCT applications.

Polarization Maintaining Fiber Fused Couplers/Splitters Features: o Low loss and cost o Broad bandwidth o Good uniformity o Small package o High directivity o Wide variety of wavelengths 780 nm-2005 nm
