

Belden offers standalone Fiber Adapter modules for use in a variety of applications. Connector types include LC Duplex, SC Simplex, ST and MPO in multimode and singlemode for up to 12 fibers.

These housing panels are available in multimode and single-mode models with industry-standard SC, LC, or ST compatible adapter types.

Our SC adapters allow you to interface SC connectors with 7mm, BNC, N or SC connectors. SC adapters are built in female to female, female to male, female to sexless, male to female, male to ...

Fibertronics offers a variety SC fiber optic adapters. These are also known as SC fiber optic mating sleeves are available in both single mode and multimode variants with either a zirconia sleeve or ...

Keystone SC fiber optic socket is designed for installation on wall panels, with a snap in SC fiber optic network standard module that connects simplex SC fiber optic or simplex SC fiber optic cables for ...

ST, SC, and LC QUICKPORT Adapters are available with zirconia ceramic or phosphor bronze sleeves, and are compatible with single-mode, multimode, and laser optimized (LC only)

CommScope fiber adapters and connectors--including LC to SC adapters--are designed for excellent optical and mechanical performance--including simplex, duplex, and ganged options for singlemode ...

The ICC IC107SC2WH is a SC fiber keystone module that supports optical applications in bringing fiber to the desktop for both multimode and single mode fiber installations. It is designed to snap directly ...

Effortlessly connect SC pairs with our SC duplex fiber adapter. Ideal for all applications, it fits seamlessly into patch panels, faceplates, and surface mount boxes for reliable performance.

Featuring a convenient push-pull mechanism, the SC Series is designed for single-mode, multi-mode, and APC applications and offers the most reliable optical fiber connections for Telecom, Datacom, ...
