

OS2 and OM1-OM4 outdoor fiber optic cables with LC/LC, LC/SC, LC/ST, SC/SC, SC/ST, ST/ST connectors. Armored and tight-buffered, UV and water resistant, rated -40°C to +85°C.

AFL offers armored loose tube, heavy duty, gel-free, double jacket, single armor, non-armored, rodent resistant, MicroCore, OSP, FTTx and Uniflex optical fiber cables.

This armored cable consists of 0.9mm tight buffered fiber surrounded by an Aramid yarn (similar to Kevlar®) strength member. The core is protected by a spiral ...

These ruggedized UV-rated cables contain two strength elements made from high-grade steel wire and a steel jacket molded in a helical pattern to protect the inside fibers.

SWA (Steel Wire Armored) fiber optic cable provides robust mechanical protection and high tensile strength, ideal for direct burial and harsh outdoor environments.

Based on a central buffer tube, the cable construction is compact, light, flexible and ideal for connections requiring a moderate fiber count. The cables are designed for installation in conduits, ducts, direct ...

This armored cable consists of 0.9mm tight buffered fiber surrounded by an Aramid yarn (similar to Kevlar®) strength member. The core is protected by a spiral-wrapped steel tube that offers an easy ...

The GYXTY Single Jacket Steel Wire Outdoor Armored Fiber Optic ...

The steel armored cable featuring two steel strength members with corrugated steel tape, it provides excellent self-supporting function that suitable for any cable deployment in long span distance, in ...

Install the fiber optic cable inside of existed conduits, this need excellent tensile strength also additional steel tape armored against rodent. This kind of fiber optic cable is also available for campus cabling.

The GYXTY Single Jacket Steel Wire Outdoor Armored Fiber Optic Cable is engineered for outdoor access and trunk applications where mechanical robustness and long-term ...

Install the fiber optic cable inside of existed conduits, this need excellent tensile ...

Lightem offers a board variety of fiber optic cable for different outdoor condition, such as central loose tube armored cable, duct armored cable, direct buried cable, steel wire armored cable, non metallic ...
