

# Swiss Adss optical cable pre-twisted top binding

The latest adss optical cable tension clamp in 25 years is specially designed for 100m pitches. it adopts high-strength pre-twisted wire structure and has a tensile strength of 36kn. it is ...

Meet our Pre-twisted Tension Clamp for ADSS, the perfect tool for connecting terminal support, tension support splice support, and supports of angles greater than 25°;

The special design of Preformed rods makes ensure that Tension Clamps can't cause undue stress to the ADSS cables, so as to ensure the normal lifetime of cables system.

ADSS suspension clamp is the connecting hardware for ADSS cables suspended from transmission line poles (towers). It can reduce the static stress of the support point, improve the ...

The pre-twisted splice fittings have the advantages of convenient installation, good splicing quality, strong corrosion resistance, lightweight, and flexibility.

It is not only suitable for aerial optical cables, but also for anchoring and installation of aerial wires, stay wires, etc., as well as for use as traction clamps in optical cable construction.

ADSS Down Conductor Clamp for Pole, Pre Twisted Tension Resistant Suspension for Fiber Optical Cable Fittings,Steel Strap (FO-PJH-004)

ADSS suspension clamp is a heavy duty, versatile, and reliable solution for securely suspending ADSS (All Dielectric Self-Support) aerial fiber optic cable. The versatility of the clamp allows the installer to ...

According to the model and parameter requirements of ADSS optical cables, we can provide suspension clamps with different pitches, tensions, and outer diameters, which are divided into tangent clamps ...
