

Waterproof outdoor fiber optic cable splice

Whether you need a compact solution or a more robust outdoor fiber-optic splice enclosure, we've got you covered. Use our solutions with different cable sizes and number of drops.

Flame-retardant and waterproof, protect against vibration, impact, cable stretching, twisting, etc. Prevents aging of materials caused by heat, cold, light, oxygen and in nature, with excellent ...

This dome type fiber optic splice enclosure is used for fiber optic cable splicing. It is IP68 rated (waterproof and dust proof), and is suitable for outdoor aerial, pole mount, wall mount and ...

With reliable water and dustproofing and a unique grounding device, our splice closure ensures excellent sealing performance and easy installation.

HOLIGHT's fiber splice closures deliver waterproof, dustproof protection for outdoor cable splicing. Ideal for FTTH, FTTx, and telecom networks.

AFL offers robust fiber optic splice closures--including Apex[®]; high-density and LightGuard[®]; weathertight and sealed models--for above-ground, aerial, and buried applications.

Organize and protect your fiber optic connections with our outdoor closure splice tray. Designed for various fiber counts, this tray ensures efficient and reliable network performance.

A fiber optic splice closure protects links. It's a strong box for wires. This closure has a two-part base. Plus, it includes six entry ports. Closures keep water out well. They have an IP68 rating, ensuring ...

How to Choose Fiber Optic Splice Closure
Fiber Optic Splice Closure Benefits
Types of Splice Closure
To protect fibre splice points from external physical damage, it is common to place the spliced fibers in fusion trays in an orderly manner and then place the trays inside a fibre optic splice closure to provide adequate protection. There are many different types and sizes of fibre optic splice closure available on the market today, with different ...
