

Wholesale of low-loss MEMS optical switches imported from Syria

GLSUN, experienced and professional MEMS fiber optical switch raw manufacturer, expertizing in single-mode and multimode MEMS 1xN optical switches, designed to be easily integrated into optical ...

Extensive logistics cooperation: Fiberwdm has established cooperation with SF, FedEx, DHL, UPS and other well-known express companies to provide reliable and efficient global transportation services.

We offer both 2D and 1D movement-based MEMS switches. The 1D motion MEMS mirror (in or out of the light path) offers low crosstalk or high on/off ratio, fault-safe latching, free space platform.

The extremely high reliability of Sercalo optical MEMS switches meets the requirements of the most demanding applications in Telecom, Datacom, Sensor Networks, Instruments, Test and Measurement.

This product is designed with compact size, high durability and reliability, and it is widely used in optical network fields such as OADM and OXC. The loss is based on the test results at 23ºC ...

Orbray's MEMS (Micro Electro Mechanical System) Optical Switch are designed a small footprint package with providing low insertion loss, flat wavelength dependence loss (WDL), low polarization ...

If you want to purchase MEMS optical switches in bulk, lots of suppliers are available here. It was included in this list because of its low rates, variety of suppliers, and proven experience in the industry.

Wholesale customized mems series on fiberopticom . We're well-known as one of leading mems series manufacturers and suppliers in China. Be free to contact our factory.

Fast reliable optical MEMS switches with low power consumption, low IL, up to 1x64 ports, for Network surveillance and optical test and measurement.

Discover MEMS optical switches with fast 5ms switching, 1x128 channel support, and high repeatability for optical interconnect solutions in data centers.

If you want to purchase MEMS optical switches in bulk, lots of suppliers are available here. It was included in this list because of its low rates, variety of suppliers, and ...
